Issues

I. Ms. Dorothy Stokes of the National Association of Colored Women's Clubs was present at the meeting to discuss the condition of the building owned by the Association located at 1601 R Street, N.W. Ms. Stokes began by saying that the Association, which is the oldest African-American Women's Organization, plans to use the building at 1601 R Street, as its future national headquarters. She went on to say that she is aware that the grounds need to be cleaned up and she has already contracted with a lawn and maintenance service to come once or twice a week to clean. She pointed out, however, that the residents in the area also dump trash on the property and park illegally in the driveway. Ms. Stokes said that she has personally monitored the illegal parking and that cars have been ticketed and towed. Signs that were posted on the premises warning against illegal parking were removed. Ms. Stokes said that a permit to install a temporary chain-link fence around the property was denied. Mr. Bass, within whose SMD this property lies, said that the chain-link fence was not acceptable, but the ANC would support the installation of bollards in the driveway to inhibit illegal parking. Resident, Dennis Gaugler, brought up the fact that homeless people are climbing up into the second floor of the building by using the fire escape. He suggested that the fire escape be secured so that it can not be used. Ms. Stokes said that there was no evidence that persons were now living in the building but that she would of course, take precautions and secure the fire escape. Mr. Bass thanked Ms. Stokes for her cooperation in improving conditions at the building.

II.

Representatives from the FBI, Mr. Richard Mansfield and Greg Ellison, were present at the meeting to inform the ANC and those present about public corruption. Mr. Mansfield defined Public Corruption as a breach of the public trust by elected and appointed public servants at all levels of government, who use their office for personal gain. Mr. Mansfield urged anyone who is aware of criminal activity involving public corruption or government fraud, to call the FBI at 202-337-TIPS.

III. Skewers, 1633 P Street, N.W.

Mr. Gamble began the discussion by saying that he had already worked out a voluntary agreement with the owners of Skewers. Skewers will be installing a fence around its dumpsters in the rear of the property and will have the garbage picked up 4 days a week or more if necessary. The owners have also agreed to wash down the garbage area daily. Mr. Gamble went on to say that the owners were very cooperative.

Mr. Gamble moved and Ms. Shannon seconded, a motion to adopt the voluntary agreement with Skewers. This motion passed unanimously.

The voluntary agreement will be incorporated into the reissuance of the license.

IV. Buffalo Billiards, 1333 New Hampshire Ave., N.W.

The owners of Buffalo Billiards, Geoff Dawson and Mark Handwerger, came before the ANC to inform them that they have now signed their lease for the property at 1333 New Hampshire Avenue, N.W. They went on to say that they have not, as yet, applied for

an ABC license but they do have an appointment with the ABC on October 4. Mr. Bass asked them what class of license they will be applying for and they replied a "CT". Mr. Bass said that under the terms of a "CT" license dancing is allowed and asked if they planned on having dancing. Mr. Dawson replied "No" they will not have dancing. Mr. Dawson went on to say that they do have plans to use the public space outside as a possible Bocci court. Mr. Bass thanked the owners for coming to the meeting and asked that their license application reflect no dancing. The license will also not be transferrable. They will come back to the ANC once their ABC application has been filed.

Mr. Pagano moved and Ms. Shannon seconded, a motion that ANC 2B support the removal of the public payphones at 2159 and 2161 P Street, N.W. because; 1) the operation of these phones contribute to public nuisance and vagrancy; 2) there are already a sufficient number of payphones in the vicinity (at least 5 within one block). This motion passed unanimously.

Mr. Bill Manthey, manager of the Fireplace, 2161 P Street, N.W., said that he is in support of the removal of the payphone outside his establishment on condition that the one owned by State Liquor, 2159 P, is also removed. Mr. Pagano said that if the owner so desires, the ANC would support installation of a payphone inside the premises.

VI. Office of the Peoples Counsel/Pepco

Ms. Arminda Valles, representative from the Office of the Peoples Counsel, was present at the meeting to discuss the proposed C & P and Pepco rate increases. Ms. Valles informed the ANC and those present, that C & P has requested a \$39.1 million rate increase citing poor earnings and increased costs. She went on to say that Pepco has requested a \$101.7 million rate increase. Ms. Valles advised those present to attend community hearings scheduled for Sept. 28, Oct. 16, and Oct. 20 to find out more about these increases. The Office of the Peoples Counsel is opposing the rate increases. Ms. Nancy Moses, of Pepco was also present at the meeting and said that Pepco is not sure what amount of an increase it will ask for at this time. Mr. Bass suggested that the representatives come back to the ANC once the rate increases are final to discuss this issue further.

In other issues, Mr. Bass said that The Barclay, 1616 16th Street, N.W., has been fined \$5000 for illegal dumping. Finally, Mr. Bass reported that a revised application to expand the Logan Circle Historic District has been filed, and that the HPRB has requested the name of the district be changed to the Greater 14th Street Historic District. The new District will include several blocks that are part of the Dupont Circle ANC (1500 blocks from P to S St.).

New Business

Mr. Bass discussed his proposed testimony for the October 14 hearing before the Committee on Government Operations which he and Mr. Ray will be attending. He briefly outlined the testimony which will include recommendations on such issues regarding "great weight" given to ANC's decisions and a proposal that the Committee approve legislation that would require that agencies give special attention and consideration to ANC recommendations. Another recommendation regarding timely notice to ANCs would request that legislation be passed providing strict legislative guidance on legally sufficient notice to ANCs. Mr. Bass then asked his fellow Commissioners if they had any suggestions or comments on this testimony. Ms. Shannon thanked Mr. Bass for all his hard work on the testimony and reminded him of her recommendations which they discussed earlier. Mr. Ray also thanked Mr. Bass and offered the following suggestions; 1) on page 4, second paragraph, there are two agencies which are commended, the Public Space Permits Division and the Public Service Commission. Mr. Ray thought it would be a good idea to expand on this paragraph a little more; 2) page 5, Mr. Ray asked whether the Historic Preservation Division worked under the Historic Preservation Review Board. Mr. Bass explained that the Historic Preservation Division is the staff of the Historic Preservation Review Board such as the ABC Division is the staff of the ABC Board.

Mr. Bass moved and Ms. Shannon seconded, a motion to adopt the testimony with amendments. This motion passed unanimously.

Mr. Bass said that Councilmember Ray will be holding a hearing regarding Casino Gambling in D.C. He asked the Commissioners what their thoughts on the matter were. Mr. Gamble commented that the residents seem to be split on the subject but that he personally, thought it was not a good way to balance the budget. John Ralls of Councilmember Evans office said that his office has received unanimous comments against the idea and that Jack Evans feels that the issue needs to be studied.

Ms. Shannon discussed proposed public works capitol improvements in the Dupont Circle area for the 1995 fiscal year. Suggestions made were to 1) issue a study of a parking arrangement on Church and Corcoran Streets, which would include the use of plantings and parking on alternate sides of the street to slow down traffic; 2) repave 17th Street between P and S Streets; 3) secure loose bricks on the sidewalk on 17th Street from P - S Sts.; 4) renovate the underpasses under Dupont and Scott Circles; 5) increase the number of public trash bins installed on Q Street between 17th and 18th Streets.
