**ADVISORY NEIGHBORHOOD COMMISSION 2B**  
**REGULAR MEETING AGENDA**  
**Wednesday, July 14, 2010, 7:00 p.m.**  
**Brookings Institution, 1775 Massachusetts Avenue, NW - 1st Floor, Falk Auditorium**

**Stephens:** Whereas Golden Triangle BID has developed, along with other stakeholders including ANC 2B, a plan to revitalize Connecticut Avenue NW from K Street north to Dupont Circle;

Whereas the plan includes upgrading the landscaping and irrigation system in the median of the 1300 block of Conn. Ave. NW;

Whereas the plan includes converting the asphalt, street-level median into a green, planted, raised median that is safer for pedestrians and more attractive; and

Whereas Golden Triangle BID needs to collaborate with the District Department of Transportation (DDOT) in order to implement these projects;

Therefore be it resolved that ANC 2B strongly supports these upgrades to Conn. Ave. NW and urges DDOT to designate a DDOT representative to work with Golden Triangle BID and implement these upgrades as soon as feasible.

Be it further resolved that this issue is delegated to ANC 2B's Zoning, Preservation, and Development Committee for any follow-up work.

**Feldstein:** 2nd

**Motion carried 9-0**

**Consideration of resolution in support of “virtual tunnel” between Farragut West and Farragut North Metro stations (8:15-8:25)**

**Feldstein:** Whereas, the idea of linking the Farragut North and Farragut West metro stations has been around for a long time, including being discussed in a 1994 Washington Post article;

Whereas, such a tunnel should have been built at the time of original Metro construction;

Whereas, the technology exists to employ a virtual tunnel, allowing Metro riders to leave one Farragut station and enter the other station within a certain time window;

REGULAR MEETING AGENDA  
Wednesday, July 14, 2010, 7:00 p.m.  
Brookings Institution, 1775 Massachusetts Avenue, NW - 1st Floor, Falkland Auditorium**

Whereas, such a virtual tunnel would greatly reduce crowding at Metro Center and shorten commutes, thus encouraging ridership;

Whereas, the walking time between Farragut stations is minimal — less than 1-2 minutes for most;

Whereas, Metro is now working on many significant changes and upgrades to the system, and now would be a perfect time to implement the virtual tunnel, which would cost only a tiny fraction of Metro's capital construction and renovation projects; and

Whereas, ANC 2B is confident Metro will be able to address the problem of limited computer memory in the existing fare gates;

Resolved that ANC 2B requests Metro to implement as soon as possible a virtual tunnel between the two Farragut Stations.

**Meehan: 2nd**

**Motion carried (9-0)**

**Wexler/Feldstein: HPRB Motion**

Whereas 1600 K Street is located within a view to the White House and hence a prime location in DC;

Whereas, we should do everything possible to preserve this "green space";

Whereas, the plan submitted by PJ Clarke's, appears to make major efforts to preserve the green space;

Whereas the addition of a ribbon of six feet grass and shrubs in front would enhance the PJ Clarke's plan;

Resolved that ANC 2B support the PJ Clarke's sidewalk cafe with six feet of additional green space.

ADVISORY NEIGHBORHOOD COMMISSION 2B  
REGULAR MEETING AGENDA  
Wednesday, July 14, 2010, 7:00 p.m.  
Brookings Institution, 1775 Massachusetts Avenue, NW - 1st Floor, Falk Auditorium

**Application by Zodiac Rest. Group, Inc. t/a Scion, 2100 P St NW, for substantial change to include extension of hours of operation & sales/service Sun 10am-2am, M-F 11am-2am, Sat 10am-2am (petition date 8/9/2010). 2B02 (9:15-9:25)**

**Patel:** Regarding the Application by Zodiac Rest. Group, Inc. t/a Scion, 2100 P St NW, for substantial change to include extension of hours of operation & sales/service Sun 10am-2am, M-F 11am-2am, Sat 10am-2am (petition date 8/9/2010)

Whereas

The Zodiac Rest. Group, Inc. t/a Scion, 2100 P St NW, took over an existing license as a new establishment in 2009 with clear understanding of the license hours.

Whereas

Well over 20 ABC licenses are saturated within a 3 block stretch of P street (between 19th and 22nd), an area which also contains substantial residential complexes

Whereas

Providing an extension to one establishment would set a precedent for at least 20 other establishments to request similar extensions within a 3 block stretch; potentially changing the dynamic of the neighborhood and area, as well as create further security and traffic concerns later into the night in a highly saturated corridor.

Whereas

Other neighboring establishments on P Street such as SOHO and Kabob House have been denied support for similar extension requests on similar grounds

Be it resolved that

The ANC opposes the request for a substantial change by Zodiac Rest. Group, Inc. t/a Scion, 2100 P St NW, on the basis of peace, order and quiet, subject to the successful negotiation of a voluntary agreement.

**Jacobson:** 2nd

3. Zoning & HPRB Applications (9:25-9:55)

**Application to construct a rear garage at 1524 Corcoran Street, NW. 2B04 (9:25-9:35)**

**Meehan:** Motion to support

**Jacobson:** 2nd

**Motion carried (9-0)**

**Application from National Restaurant Association (Z.C. Case No. 10-17) to amend zoning map from from DC/SP-2 to DC/C-4 at 1200 17th St.N.W. to allow development consistent with the high-density designation of the surrounding properties. 2B05 (9:35-9:45)**

**Wexler:** ANC 2B supports the request, subject to the park in the southwest corner not being compromised.

**Feldstein:** 2nd

**Motion carried (9-0)**

**Concept review for plans submitted to HPRB for 1461 S Street NW. 2B09 (9:45-9:55)**

**Estrada:** While we feel that a third story addition visible from the street should only be allowed in extraordinary circumstances, the role of this building in the larger historic district and in relation to the other corners as an anchor building justifies an exception. We feel that this project would enhance the overall character of 15th Street and therefore support the project as presented.
