Regulatory

HPRB & Zoning Applications

Request by Palmetto Hospitality request for zoning relief to allow renovation and conversion of the existing building at 1729 H Street NW from office use by Kiplinger into a hotel. There will be no changes to the outside of the building. It currently has no parking, and the zoning relief sought would waive off-street parking requirements. (2B06)

The applicant requested zoning relief and asked that meters be removed to address parking concerns.

Commissioner Silverstein made a motion to support request for zoning relief and Commissioner Feldstein seconded the motion. The motion carried (9-0).

ABC Applications

Request by Black Fox lounge, 1723 Connecticut Ave NW for modification to hours of operation to conform to ABRA (2B01)

Commissioner Stephens excused himself from the vote.

ABRA inspector said establishment was in violation. The applicant would like hours of operation to be from 8am – 2am Sunday through Thursday and 8am – 3am on Friday and Saturday. The establishment will not open up at 8am, only in special cases; and would like to waive hours on special holidays in VA.

Commissioner Feldstein made a motion to approve modification of hours of operation.

Commissioner O’Conner seconded the motion. The motion carried 7-0-2 with two non-participants – Commissioner Silverstein and Commissioner Stephens (noted he plays jazz at the bar).

Public Space Applications

District Condo Project for one new on-street space for car sharing. (2B09)

DDOT expressed interest in on-street space; Zipcar wouldn’t like space in a garage

Commissioner Estrada made a motion to support designation of one space for ride sharing, subject to that space following DDOT rules and regulations.

Commissioner Jacobson seconded the motion. The motion carried 8-0 with Commissioner Silverstein out of the room.

Pinkberry Yogurt, 1213 Connecticut Ave (DDOT # 62815) for 333 Sq. Ft. Sidewalk cafe with 6 tables, 12 seats, and 2 umbrellas. Hours: Sun-Wed. 11am-12am Thurs-Sat. 11am-2am. (2B05)

Commissioner Wexler made a motion to accept without protest.

Commissioner Carney seconded the motion. The motion carried 9-0.

Whyland Condo Association 1724 17th Street NW for temporary use of one off street parking space for loading

Want to convert to a public space, but needs a curb cut approved first. ANC approval needed for curb cut and public space.

Commissioner Meehan read resolution and has no objection to the application.

Whereas the Wyland Condominium is a major building entitled to up to 60 feet of restricted access to the street curb in front of the building for trucks, taxis et al,

Whereas there now exists a curb cut and parking pad on public space in front of the Wyland Condominium that occupies only about 25 1/2 feet of curb space,

Whereas the existing curb cut was incorporated into the rebuilt sidewalk and curbing during the 17th Street Streetscape project and would require considerable expense to eliminate it,

Whereas it appears that DDOT would not now be focusing on the legitimacy of the long-standing curb cut were it not for the Wyland Condominium Association's efforts to make it legitimate,

And whereas the Wyland Condominium Association will restrict use of the existing parking pad to the same limitations as pertain to all other parking uses on public space in front of major residential buildings,

Therefore, ANC 2B urges DDOT Public Space to support the efforts of the Wyland Condominium Association to obtain legal status for the existing curb cut and restrict the uses of the parking pad to those that are within DDOT public space guidelines.

Commissioner Estrada seconded the motion. The motion carried 9-0.

General Items

Resolution to support adding "Golden Triangle" to Farragut Metro stations

Whereas WMATA has begun a process to revise the Metro map in preparation for the extension to Dulles airport;

Whereas WMATA policy indicates that the primary purpose of station names is "to identify the station locations by geographical features or centers of activity to help customers successfully navigate the system" and states that station names "should be distinctive and evoke imagery in the mind of the patron, i.e. graphic, colorful";

Whereas the area surrounding the Farragut Metro stations is an activity center that has been known as the "Golden Triangle" for decades; its boundaries were defined by DC law in 1997;

Whereas upon exiting the Farragut North and Farragut West Metro station, the Golden Triangle neighborhood has a distinct look and feel – defined by building design and scale; consistent street assets such as banners, trash cans, and urns; cleanliness standards; and Golden Triangle ambassadors outside each station providing hospitality services and daily cleaning;

Whereas the District government, the Golden Triangle BID, and property owners are working together to strengthen the identity of the area and create a retail destination linking the White House to Dupont Circle attracting additional tourists and regional residents to shopping and restaurants in the area, especially during off-peak evening and weekend hours, when there is additional Metro capacity;

Whereas the current situation of two separate stations named Farragut was an unintentional consequence while building the original Metro system, and today it can be confusing to visitors and others unfamiliar with the area;

Whereas the addition of “Golden Triangle” on the station name will help identify the destination for Metro patrons, especially those unfamiliar with the area;

Therefore be it resolved that ANC 2B supports the request by the Golden Triangle Business Improvement District (BID) that “Golden Triangle” be added to the station name of Farragut North or Farragut West stations; and

Be it further resolved that ANC 2B additionally supports an alternative proposal to rename one of these stations as simply “Farragut Square” and the other station as “Golden Triangle.” This is the ANC’s preferred option.

The motion to support carried 7-2 with Commissioner Feldstein in opposition and Commissioner Meehan abstaining.
