RE: Priorities for Housing and Community Development in the DC Comprehensive Plan

Dear Director Shaw and Deputy Mayor Kenner,

At its regular meeting on January 11, 2017, the Dupont Circle Advisory Neighborhood Commission ("ANC 2B" or "Commission") considered the above-referenced matter. With 8 of 8 Commissioners in attendance, a quorum at a duly-noticed public meeting, the Commission approved the following resolution by a vote of (8-0-0):

WHEREAS, ANC 2B believes that DC's Comprehensive Plan is a vital document to the planning of the Dupont Circle neighborhood and the District of Columbia as a whole.

THEREFORE, BE IT RESOLVED that ANC 2B adds its name to the diverse group of DC-area organizations and companies who build housing (for-profit and not-for-profit), advocate for policies that increase affordable housing, support the needs of disadvantaged communities, strengthen neighborhood commercial corridors and locally owned businesses, and educate the public on planning issues which support the attached statement of priorities for housing and community development in the Comprehensive Plan.

Commissioners Daniel Warwick (<u>daniel.warwick@dupontcircleanc.net</u>) and Nicole Mann (<u>nicole.mann@dupontcircleanc.net</u>) are the Commission's representatives in this matter.

ON BEHALF OF THE COMMISSION.

Sincerely,

Nicole Mann

Chair

DC Housing and Development Priorities Statement

We are a diverse group of DC-area organizations and companies who build housing (for-profit and not-for-profit), advocate for policies that increase affordable housing, support the needs of disadvantaged communities, strengthen neighborhood commercial corridors and locally owned businesses, and educate the public on planning issues. We have agreed on the following priorities for DC's Comprehensive Plan revision:

- **Meet the housing demand.** Through the Comprehensive Plan, the District should forecast, plan for, and encourage the creation and preservation of a supply of housing (market-rate and subsidized affordable) to meet the demand at all income levels. The supply of housing should be sufficient to slow rising costs of rental and for-sale housing.
- Equitably distribute housing. Through the Comprehensive Plan, the District should fight
 against segregation, foster equitable access to opportunity, and comply with Affirmatively
 Furthering Fair Housing (AFFH) priorities. The District should require that every part of the
 city participate in adding housing to meet the need for all income levels, with an emphasis
 on transit and commercial corridors.
- Best utilize areas near transit. When redevelopment occurs on blocks surrounding
 Metrorail stations and priority transit corridors, the District should, through the
 Comprehensive Plan, permit and encourage mixed-use developments of medium to high
 density. To the extent feasible, redevelopments involving increased zoning should include
 affordable housing in excess of what is required by inclusionary zoning
- Include families. The District should be a city that houses people of all income levels and of all household sizes, including families. Through the Comprehensive Plan, the District should promote the creation and preservation of 3+ bedroom units along with other housing types.
- **Prioritize affordable housing as a community benefit**. When rezoning or granting significant zoning relief, the District should affirm through the Comprehensive Plan that affordable housing (in addition to any underlying requirement) is the highest priority benefit and that other community benefits should be long-lasting.

- Preserve existing affordable housing. When redevelopment occurs on properties with
 housing made affordable through subsidy, covenant, or rent control, the District, Zoning
 Commission, and neighborhoods should work with landowners to create redevelopment
 plans that preserve such units or replace any lost ones with similar units either on-site or
 nearby. These entities should provide the necessary density and/or potential funding to
 ensure it is financially feasible to reinvest in the property with no net loss of affordable units.
- **Protect tenants.** Through the Comprehensive Plan, the District should ensure that when affordable housing is undergoing redevelopment, tenants have a relocation plan, are allowed to continue their tenancy with minimal disruption, and will have the right to return to their units or an equivalent replacement. Whenever feasible, redevelopment should observe build-first principles.
- Support neighborhood commercial corridors. Through the Comprehensive Plan, the
 District should encourage the success of neighborhood commercial corridors and locally
 owned businesses, especially in disadvantaged communities. This includes increased
 housing density that supports businesses and providing equitable opportunities for locally
 owned businesses in mixed-use and commercial developments.
- Clarify zoning authority. Through the Comprehensive Plan, the District should affirm that
 the Zoning Commission has the purview to allow increased density for Planned Unit
 Developments that supersedes the levels in the Comprehensive Plan's maps in exchange
 for community benefits.
- Improve data collection and transparency. The District should provide the highest quality public data. It should standardize housing-related data collection across agencies, and release all data and forecast analyses to the public, to facilitate transparency and regular reporting on the status and progress of housing-related programs. Data should include a comprehensive housing database and demand-based forecasts alongside existing supply-based (pipeline) forecasts.
