RE: Proposed Closing of the Embassy Gulf Service Station at 2200 P Street NW and
Required Approval of the Gas Station Advisory Board

Dear Director Wells:

At its regular meeting on November 9th, 2016, the Dupont Circle Advisory Neighborhood Commission (“ANC 2B” or “Commission”) considered the above-referenced matter. With 9 of 9 Commissioners in attendance, a quorum at a duly-noticed public meeting, the Commission approved the following resolution by a vote of (9-0-0):

WHEREAS, a proposed development within the confines of Advisory Neighborhood Commission 2B calls for the closure of the Embassy Gulf Service Station, a service and petroleum station at 2200 P Street NW,

WHEREAS, ANC 2B understands that the closure of a service station within the District of Columbia requires the approval of the Gas Station Advisory Board, which is under the purview of the Department of Energy and the Environment, and

WHEREAS, ANC 2B understands that the closure is likely to be a difficult objective to achieve due to the Gas Station Advisory Board’s lack of members since 2007.

THEREFORE, BE IT RESOLVED that ANC 2B requests that the Department of Energy and the Environment send a letter detailing the procedure to approve closure of a service station under current laws.

Commissioners Daniel Warwick (daniel.warwick@dupontcircleanc.net) and Nicole Mann (nicole.mann@dupontcircleanc.net) are the Commission’s representatives in this matter.

ON BEHALF OF THE COMMISSION.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nicole Mann', with a long horizontal flourish extending to the right.

Nicole Mann
Chair
