

GOVERNMENT OF THE DISTRICT OF COLUMBIA

Dupont Circle Advisory Neighborhood Commission 2B

Regular Meeting Minutes

Wednesday, June 12th, 2019; 7:00 p.m.
Johns Hopkins School of Advanced International Studies
1717 Massachusetts Avenue NW, Room 500

Call to Order

The regular June 2019 meeting of the Dupont Circle Advisory Neighborhood Commission (Commission or ANC 2B) was called to order by Chair Daniel Warwick at 7:04 pm.

Introduction of Commissioners

The Commissioners identified their single member districts (SMDs). Present were: Matthew Sampson (2B01), Daniel Warwick (2B02), Lucky Barbieri (2B03), Aaron Landry (2B04), Randy Downs (2B05), Mike Silverstein (2B06), Kari Cunningham (2B07), Beverly Schwartz (2B08), and Ed Hanlon (2B09).

Announcements and Public Comments

Update from Commander Duncan Bedlion, the Commander for the Metropolitan Police Department's Second District, Regarding the Recent Incident in Dupont Circle During the Capital Pride Parade

Commander Duncan Bedlion, the Commander for the Metropolitan Police Department's (MPD) Second District, gave an overview of the recent incident in Dupont Circle during the Capital Pride Parade. He said that a dispute took place between an adult female and two adult males, one of which brandished a BB gun, causing nearby attendees to panic. He said that MPD continues to collect witness statements regarding the incident.

Captain Cheryl Crawley, a representative for MPD's Second District, introduced herself to meeting attendees. She said that she oversees Police Service Areas (PSAs) 207, 208, and 209, as well as the Second District's Crime Suppression Team and Club Action Team. She gave an overview of MPD's efforts to encourage people to not leave any valuables in their cars.

Commissioner Announcements

Chair Warwick said that the District Department of Transportation (DDOT) will hold its second meeting regarding the agency's Connecticut Avenue Streetscape and Deck-Over Project on Tuesday, June 25th from 6:00 to 8:00 pm at The Dupont Circle Hotel, 1500 New Hampshire Avenue NW.

Commissioner Landry said that the Church of the Holy City recently received a \$50,000 grant to help restore its steeple.

Commissioner Silverstein thanked Commissioner Downs for raising \$4,500 to install rainbow and trans flag banners along 17th Street NW in advance of the Capital Pride Parade.

Other Public Announcements and General Comments or Future Agenda Items

Nicole Goines, a Ward 2 representative for the Mayor's Office of Community Relations and Services (MOCRS), said that the Department of Public Works (DPW) will soon be launching e-cycling acceptance at select DC Public Library locations across the city. She said that DPW is also focusing on Ward 2 graffiti removal this week as part of the agency's Great Graffiti Wipeout initiative.

Joe Florio, a representative for Councilmember Jack Evans' Office, encouraged people to walk with Councilmember Evans in the Palisades July 4th Parade. He also gave an overview of the calendar for the DC Council's final legislative hearings before its summer recess.

Inspector Wendy Cadell, a Ward 2 solid waste inspector for DPW, gave an overview of DPW and Historic Dupont Circle Main Streets' work to clean up the public space along the 1500 block of 21st Street NW. She also gave updates on several other problematic areas that DPW has recently addressed in the neighborhood.

Susan Volman, a representative for the Dupont Circle Citizens Association (DCCA), gave an overview of the organization's grant funding to address homeless and affordable housing in Dupont Circle. She said that the deadline to apply for the funding is Thursday, June 13th.

Bill McLeod, the Executive Director of Historic Dupont Circle Main Streets, apologized for the Dupont Circle Clean Team's recent removal of some of the signs in the neighborhood placed by Commissioner Hanlon. Mr. McLeod said that he has done additional training with the Clean Team members since the incident occurred. Commissioner Hanlon expressed concerns regarding the signs being removed.

Nick DelleDonne, the Chair of the Dupont East Civic Action Association, gave an overview of the outcomes of the Historic Preservation Review Board's (HPRB) recent hearing regarding the organization's application to expand the landmark boundaries of the Scottish Rite Temple at 1733 16th Street NW. He said that the organization will continue its protest of the proposed development through the court system.

Alcoholic Beverage Control Board Agenda

Kramers – Application for a Substantial Change to the Establishment's Retailer's Class "C" Restaurant License at 1517 Connecticut Avenue NW

The Commission did not take any action regarding this matter.

Lupo Verde – Application to Terminate the Settlement Agreement for the Establishment’s Retailer’s Class “C” Restaurant License at 1401 T Street NW

Chair Warwick moved to reaffirm the ANC’s previous vote to protest Lupo Verde’s settlement agreement termination application. Commissioner Hanlon seconded the motion, which was voted on and passed (VOTES: 8-0-0).

Consideration of a Request for the Alcohol Beverage Control Board to Extend the West Dupont Circle Moratorium Zone by Three Years

Chair Warwick moved to adopt a proposed resolution regarding the matter. Commissioner Cunningham seconded the motion, which was voted on and passed (VOTES: 7-0-1). The resolution reads as follows:

WHEREAS, the West Dupont Circle Moratorium Zone was created on July 22, 1994 to limit the number of alcohol-serving establishments within 600 feet of the intersection of 21st Street and P Street NW,

WHEREAS, ANC 2B believes that the negative impacts of alcohol-selling establishments are contingent on operating practices and proximity to residential units rather than the Alcoholic Beverage Regulation Administration (ABRA) license classification system,

WHEREAS, ANC 2B acknowledges the long history of West Dupont as a mixed use neighborhood with apartments, condominiums, and late night businesses located next to each other,

WHEREAS, ANC 2B recognizes that the amenities and availability of late night food service and entertainment options are what drives many neighbors to choose to live in Dupont Circle,

WHEREAS, ANC 2B acknowledges that while late night amenities are often paired with late night problems, including the disruption of residents’ sleep due to disregard for peace, order, and quiet, ANC 2B believes that these problems are based on the operating behavior of business owners, the attentiveness of Metropolitan Police Department (MPD) patrols, and the effectiveness of ABRA and Department of Consumer and Regulatory Affairs (DCRA) enforcement of noise ordinances,

WHEREAS, ANC 2B believes that the negative impacts of some late night alcohol-serving establishments are managed ineffectually through the current MPD, ABRA, and DCRA enforcement mechanisms,

WHEREAS, in 2013, the Alcoholic Beverage Control (ABC) Board removed the limit on restaurant licenses within the moratorium zone,

WHEREAS, in 2016, the ABC Board removed the limit on Class A, B, X, and T licenses (liquor stores, beer and wine stores, multipurpose licenses such as the Phillips Collection or the Cosmos Club, and taverns),

WHEREAS, the number of Class A, B, and X licenses stayed constant from 2016 through 2019,

WHEREAS, over the past three years, the number of active tavern licenses has decreased within the moratorium zone from four to two with the closure of tavern establishments at 1413-1415 22nd Street NW and 2147 P Street NW,

WHEREAS, in 2011, the ABC Board exempted the building at One Dupont Circle from the moratorium zone,

WHEREAS, additional carve outs to the moratorium zone exist on the 1500 block of Connecticut Avenue NW so that the moratorium zone is functionally a restriction on licenses on P Street between 20th Street and 22nd Street NW,

WHEREAS, lifting the moratorium in its entirety would allow nightclubs to enter West Dupont while West Dupont has not had a nightclub for at least twenty years,

WHEREAS, the addition of a nightclub to West Dupont would be disruptive to the peace, order, and quiet of our and any mixed use neighborhood based on the guaranteed entertainment endorsements and lack of food service inherent in the license class,

WHEREAS, ANC 2B requests that the ABC Board continues the status quo which does not allow for nightclubs within the moratorium zone,

WHEREAS, ANC 2B understands that in addition to being a vibrant walkable neighborhood, Dupont Circle is also a regional entertainment destination,

WHEREAS, ANC 2B believes that if a nightclub is to locate within the West Dupont neighborhood, it should be located within a space which is not next to residential uses,

WHEREAS, ANC 2B believes that the former streetcar station below Dupont Circle (“Dupont Underground”) is a potential site for a nightclub licensed establishment with minimal impact on neighbors, and

WHEREAS, based on current moratorium zone boundaries, ANC 2B believes that no portion of the Dupont Underground is within the moratorium zone, however the ANC understands that potential future subdivisions of the Dupont Underground space may lead to addresses which overlap with the moratorium zone as there are no current addresses for future potential primary entrances to the western platform of the Dupont Underground.

THEREFORE, BE IT RESOLVED that ANC 2B requests a three-year extension of the West Dupont Circle Moratorium Zone as it currently exists restricting the number of nightclub licenses to zero.

BE IT FURTHER RESOLVED that ANC 2B requests that the Alcohol Beverage Control Board affirmatively exempts the premises of the Dupont Underground, a District-owned former streetcar station property located below Square 114E Lot 0800 and below the right of way of Dupont Circle NW and Connecticut Avenue NW with entrances on public space and reservations abutting Dupont Circle NW and surrounding streets, from the moratorium zone.

Consideration of Several Alcoholic Beverage License Renewal Applications for Restaurants, Hotels, Multipurpose Facilities, Clubs, Marine Vessels, Arenas, and Caterers

Commissioner Schwartz moved to protest Rebellion’s license renewal application based on the adverse impact on the peace, order, and quiet of the neighborhood. Commissioner Cunningham seconded the motion, which was voted on and passed (VOTES: 8-0-0). The resolution reads as follows:

ANC 2B protests Rebellion’s application for renewal of the establishment’s Retailer’s Class “C” Restaurant license at 1836 18th Street NW based on the adverse impact on the peace, order, and quiet of the neighborhood, pending the negotiation of a settlement agreement between the applicant and the ANC.

Zoning, Preservation, and Development Agenda

1637-1641 R Street NW - Application by Raycon Inc. for Special Exception from the Minimum Open Court Requirements and from the Lot Occupancy Requirements to Construct a Rear Addition to the Second Through Fourth Stories, and a Rooftop Penthouse to an Existing Four-Story Mixed Use Commercial Building at 1637-1641 R Street NW

Commissioner Schwartz moved to adopt a proposed resolution regarding the matter. Commissioner Landry seconded the motion. Commissioner Schwartz moved to adopt a proposed amendment to the resolution to include language expressing the ANC’s appreciation of the applicant adding a trash room within the building. Commissioner Cunningham seconded the motion for the proposed amendment, which was voted on and passed (VOTES: 9-0-0). The final motion was voted on and passed (VOTES: 9-0-0). The resolution reads as follows:

WHEREAS, the proposed project is within Advisory Neighborhood Commission (ANC) 2B,

WHEREAS, the project proposes to convert a commercial building to an up to 18 unit residential building, continuing the use of an existing commercial space on the first floor and constructing a rear addition from the second floor to the fourth floor and a rooftop penthouse to the existing four story 1910 building,

WHEREAS, the project proposes lot occupancy relief for the addition of a habitable penthouse and a special exception from the minimum open court requirements for the additional 263 square feet,

WHEREAS, there were concerns voiced by some neighbors that there should be a dedicated trash room in the building,

WHEREAS, after discussions between ANC 2B and the applicant regarding adding a residential trash room inside the building, the ANC appreciates that the applicant changed its plans between the ANC's Zoning, Preservation, and Development Committee meeting and the ANC's regular June meeting to reflect the residential and commercial trash room, and

WHEREAS, there were concerns about the structural integrity of the party wall.

THEREFORE, BE IT RESOLVED that ANC 2B supports this project and the special exception due to its minimal nature and position inside a closed no-access courtyard, as well as the lot occupancy relief for a habitable penthouse, pending a review by a structural engineer that the party wall will not be compromised.

1738 Church Street NW - Concept / Detached Garage, Roof Deck, and Hyphen Connection

Commissioner Schwartz moved to adopt the proposed resolution regarding the matter. Commissioner Silverstein seconded the motion. Commissioner Cunningham moved to adopt a proposed amendment to the resolution to remove the zoning language. Commissioner Schwartz seconded the motion for the proposed amendment, which was voted on and passed (VOTES: 9-0-0). The final motion was voted on and passed (VOTES: 9-0-0). The resolution reads as follows:

WHEREAS, the proposed project is within Advisory Neighborhood Commission (ANC) 2B,

WHEREAS, the project is a two story garage to be added to the rear of the house with stairs leading to a deck on the top of the garage, and

WHEREAS, while there already exists a variety of architectural styles and garages in the alley, ANC 2B believes that the materiality of the garage could be improved.

THEREFORE, BE IT RESOLVED that ANC 2B supports the project but strongly recommends that the applicant considers:

1. using wood for construction of the deck and railings,
2. using brick on the exposed sides of the garage, and
3. using a flush panel garage door of either wood or metal to be better in keeping with the historic nature of the neighborhood.

Break

The Commission took a break at 8:21 pm and reconvened at 8:37 pm.

Zoning, Preservation, and Development Agenda (Continued)

1521 Corcoran Street NW - Concept / New Partial Third Floor, New Addition, New Windows

Commissioner Schwartz moved to adopt a proposed resolution regarding the matter. Commissioner Landry seconded the motion. Chair Warwick moved to adopt a proposed amendment to the resolution to change the language regarding LEED certification, to add language expressing the ANC's appreciation for the applicant updating the plans to remove the solar racks, and to add language expressing the ANC's support for the inclined roof option. Commissioner Silverstein seconded the motion for the proposed amendment, which was voted on and passed (VOTES: 9-0-0). Chair Warwick moved to adopt a second proposed amendment to the resolution to add language expressing the ANC's support for maximizing the efficiency of the solar panels. Commissioner Barbieri seconded the motion for the second proposed amendment, which was voted on and passed (VOTES: 6-2-1). The final motion was voted on and passed (VOTES: 7-1-1). The resolution reads as follows:

WHEREAS, the proposed project is within the Advisory Neighborhood Commission (ANC) 2B,

WHEREAS, the project is a partial third floor addition with solar panels on the roof and a renovation of the existing front patio to a pervious material,

WHEREAS, the project is trying to fulfill LEED for Homes certification by being energy efficient and using sustainable materials,

WHEREAS, the project seems well designed and fits within the historical context of the neighborhood,

WHEREAS, a flag test has already been completed and Historic Preservation Office staff have recommended pushing the profile of the addition further back to 19 feet from the front of the house so that it will not be visible from the street,

WHEREAS, neighbors were concerned about the height and mechanical look of the solar racks as well as the placement and proper disposal of trash,

WHEREAS, ANC 2B appreciates that after the ANC's Zoning, Preservation, and Development Committee meeting, the applicant created plans which would change the roof pitch so that, rather than the neighbors across the alley seeing the rear of a solar rack, the neighbors are seeing a building,

WHEREAS, ANC 2B appreciates that the applicant is proposing solar panel arrays, as the ANC believes that it is important that the neighborhood can generate electricity on

premises and that solar panels are a way for individual property owners to fight climate change, and

WHEREAS, ANC 2B believes that solar panels have a place in the Dupont Circle Historic District.

THEREFORE, BE IT RESOLVED that ANC 2B urges the Historic Preservation Review Board to support the project as proposed and to allow flexibility for Historic Preservation Office staff to approve the applicant making changes to the solar panels so that the applicant can maximize the efficiency of the clean electricity generated on site.

BE IT FURTHER RESOLVED that ANC 2B encourages the applicant to match the historic or current details of the doors, windows, and metal stairs as best as possible if the applicant determines that these need replacement.

1620 Riggs Place NW - Concept / New Garage with Rooftop Patio

Commissioner Landry moved to adopt a proposed resolution regarding the matter. Commissioner Cunningham seconded the motion, which was voted on and passed (VOTES: 9-0-0). The resolution reads as follows:

ANC 2B requests that the Historic Preservation Review Board delays consideration of the application for 1620 Riggs Place NW until the board's July 2019 meeting or later.

Public Space Committee Agenda

Public Space Application by Taberna del Alabardero to Convert an Existing Un-Enclosed Sidewalk Café to an Enclosed Sidewalk Café at 1776 I Street NW

The Commission did not take any action regarding this matter.

General Agenda

Consideration of a Resolution Regarding the Downtown BID's DC Commission on the Arts and Humanities Grant Application to Beautify the Historic Call Box at 1125 16th Street NW

Commissioner Downs moved to adopt a proposed resolution regarding the matter. Commissioner Cunningham seconded the motion, which was voted on and passed (VOTES: 9-0-0). The resolution reads as follows:

WHEREAS, the DowntownDC Business Improvement District (BID) is preparing a grant application to the DC Commission on the Arts and Humanities' (DCCA) Public Art Building Communities program, and

WHEREAS, the grant funds will enable the BID to beautify 14 historic call boxes in public space in downtown DC, including one which is located within the borders of ANC 2B at 1125 16th Street NW.

THEREFORE, BE IT RESOLVED that ANC 2B supports the DowntownDC BID's proposed Public Art Building Communities grant from the DC Commission on the Arts and Humanities in FY 2020.

Consideration of a Resolution Regarding the Golden Triangle BID's Proposal to Install Additional Sculptures in the Rain Gardens Along 19th Street Between K Street and M Street NW

Commissioner Silverstein moved to adopt a proposed resolution regarding the matter. Commissioner Downs seconded the motion, which was voted on and passed (VOTES: 9-0-0). The resolution reads as follows:

ANC 2B supports the Golden Triangle BID's DC Commission on the Arts and Humanities grant application to install four permanent sculptures by artist Foon Sham in the rain gardens along 19th Street between K Street and M Street NW.

Consideration of a Resolution Regarding DC Water's Proposed Rulemaking to Amend the Retail Rate for Sewer Services and the Clean Rivers Impervious Area Charge (CRAIC)

Chair Warwick moved to adopt a proposed resolution regarding the matter. Commissioner Landry seconded the motion, which was voted on and passed (VOTES: 9-0-0). The resolution reads as follows:

WHEREAS, DC Water levies the Clean Rivers Impervious Area Charge (CRAIC) to distribute the cost of maintaining storm sewers and protecting area waterways based on a property's contribution of rainwater to the District's sewer system,

WHEREAS, the CRAIC was implemented to cover the costs of the federally-mandated Clean Rivers Project to reduce sewer outflows into the Anacostia River and Potomac River,

WHEREAS, DC Water charges residential, multi-family, and non-residential customers a CRAIC based on an Equivalent Residential Unit (ERU), which is based on the median impervious surface area of a District single-family residential property,

WHEREAS, impervious areas include areas such as non-green roofs, parking lots, tennis courts, swimming pools, and concrete or asphalt walkways and driveways,

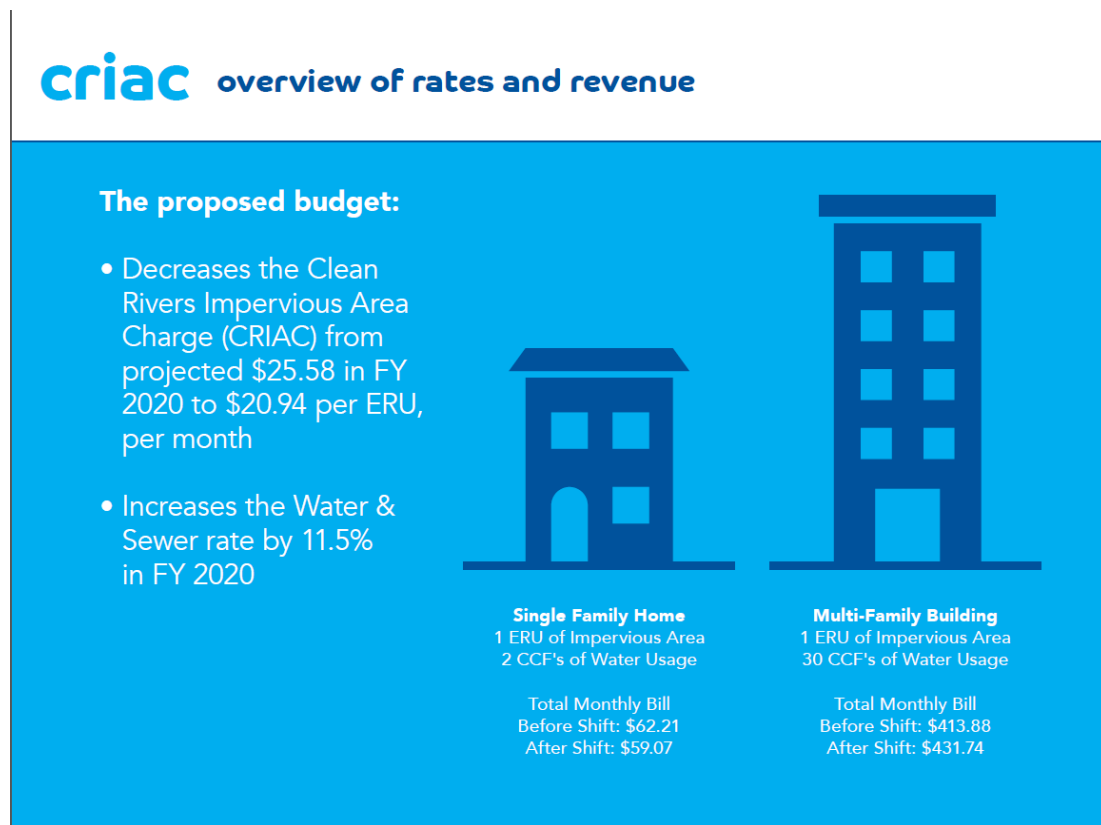

WHEREAS, DC Water offers an incentive to convert impervious areas to green infrastructure including the use of rain gardens, rain barrels, pervious pavings, green roofs, bioretention practices, and stormwater reuse methods,

WHEREAS, DC Water proposes to change the CRAIC fee so that 63% of the fee is based on impervious area and 37% of the fee is based on the Sewer Volumetric Rate,

WHEREAS, DC Water is increasing the average household rate by 5.7% as previously approved,

WHEREAS, rather than increasing each fee by 5.7%, DC Water proposes to phase in this shift over time from FY 2020 through FY 2022 with 18% of the CRAIC being based on the Sewer Volumetric Rate in FY 2020,

WHEREAS, the example given by DC Water for FY 2020 shows that the estimated total monthly impact of this shift for a single-family home with 1 ERU of impervious area and 2 CCFs of a water usage bill will be a reduction from \$62.21 to \$59.07 while a multi-family building with the same amount of ERU but 30 CCFs of water usage will have a monthly bill increase from \$413.88 to \$431.77,

Source: DC Water Presentation

WHEREAS, on a per household basis, the example household residing in single-family structures would receive a 5.7% decrease in monthly water fees which households residing in multi-family structures would have an increase of 4.3%,

WHEREAS, extrapolating the impact of the proposed policy in 2022, households in single-family structures would receive at least a 10% decrease in rates while households in multi-family structures would receive at least an 8% increase in monthly rates,

WHEREAS, within the District of Columbia, households in single-family structures are predominately homeowners and less housing cost-burdened than households in multifamily structures:

- while just 41.7% of District households are homeowners, 76.6% of single-family homes are owner-occupied,
- although 45.1% of renters in the District are housing cost-burdened, paying more than 30% of their income in housing expenses including utilities, just 23.6% of owner-occupied households are housing cost-burdened,

WHEREAS, ANC 2B believes that the proposed change to the CRAIC fee will lower costs for homeowners while increasing costs for typically less affluent renters, counter to the District's equity goals,

WHEREAS, ANC 2B understands that while, in aggregate, single-family households are likelier to be less housing cost-burdened than multi-family households, there are significant numbers of housing cost-burdened homeowners within the District,

WHEREAS, to address these equity concerns, ANC 2B appreciates the proposed expansion of DC Water's Customer Assistance Programs which provides discounts to income-eligible households at 60% (CAP), 80% (CAP2), and 100% (CAP3) of area median income,

WHEREAS, in addition to making the District less equitable, ANC 2B believes that the proposed change is counter to the District's goals for resiliency and climate adaptation,

WHEREAS, ANC 2B understands that the Resilient DC plan sets the vision for the District to be climate resilient and carbon neutral by 2050,

WHEREAS, ANC 2B understands that impervious areas are significant contributors to both stormwater management issues and heat islands,

WHEREAS, Objective 2.3.1 of the Resilient DC plan is to "launch a data-driven campaign to significantly reduce the urban heat island" which includes prioritizing, accelerating, and evaluating District investments to eliminate urban heat islands through interventions such as trees, plantings, green and cool roofs, and paving materials,

WHEREAS, Objective 2.1.4 of the Resilient DC plan is to "design climate-ready neighborhoods and development" which ANC 2B believes includes pervious materials such as pavers, rain gardens, and green roofs rather than concrete and asphalt,

WHEREAS, ANC 2B believes that reducing the monthly CRIAC fee for impervious areas will reduce the incentive for property owners to invest in green infrastructure, and

WHEREAS, ANC 2B believes that all District agencies, including DC Water, should work towards the District’s resiliency and equity goals, and that the proposed change to CRAIC fees is actively against both goals.

THEREFORE, BE IT RESOLVED that ANC 2B opposes the proposed changes to the CRAIC fee breakdown.

BE IT FURTHER RESOLVED that in order to not make the District less equitable and less resilient, ANC 2B urges DC Water to continue to charge the full CRAIC fee based on ERU rather than a combination of ERU and sewer flow.

BE IT FURTHER RESOLVED that ANC 2B urges DC Water to continue with the proposed increase in Customer Assistance Programs, which further equity, and the proposed expansion of the CRAIC Incentive Program, which encourages green infrastructure.

Consideration of a Resolution Regarding DC Council Bill B23-0288 – the “Vision Zero Enhancement Omnibus Amendment Act of 2019”

Commissioner Downs moved to adopt a proposed resolution regarding the matter. Commissioner Landry seconded the motion. Commissioner Landry moved to adopt a proposed amendment to the resolution to remove the language regarding the Citizen Safety Enforcement Pilot Program. Commissioner Barbieri seconded the motion for the proposed amendment. A roll call vote for the motion for the proposed amendment was requested. The motion for the proposed amendment was voted on and passed (VOTES: 5-4-0). The roll call vote was as follows:

Commissioner Schwartz: Yea
Commissioner Hanlon: Nay
Commissioner Silverstein: Nay
Commissioner Cunningham: Nay
Commissioner Landry: Yea
Commissioner Downs: Nay
Commissioner Sampson: Yea
Commissioner Barbieri: Yea
Chair Warwick: Yea

The final motion was voted on and passed (VOTES: 8-1-0). The resolution reads as follows:

WHEREAS, ANC 2B greatly appreciates and applauds the DC Council’s attention to Vision Zero objectives and its consideration of DC Council Bill B23-0288 – the “Vision Zero Enhancement Omnibus Amendment Act of 2019” to amend various laws in the interest of greater safety for all users of the District’s streets and roads, and

WHEREAS, ANC 2B has previously passed resolutions enumerating and recommending many of the changes proposed in DC Council Bill B23-0288, requesting action by the DC Government.

THEREFORE, BE IT RESOLVED that ANC 2B supports the efforts of the Vision Zero Enhancement Omnibus Amendment Act of 2019.

Consideration of a Resolution Regarding the DC Council Proposal to Change the Residential Parking Permit (RPP) Fee Structure

Commissioner Landry recused himself from voting on this matter.

Commissioner Downs moved to adopt a proposed resolution regarding the matter. Chair Warwick seconded the motion, which was voted on and passed (VOTES: 7-1-0). The resolution reads as follows:

WHEREAS, the DC Council has passed legislation to amend Title 18 of the District of Columbia Municipal Regulations to increase the cost of a residential parking permit (RPP),

WHEREAS, the cost of an RPP in the District has been \$35 annually since 2011, substantially less than the market rate for parking in the District,

WHEREAS, while other prices and costs in the District have increased significantly in the last eight years, the cost of an RPP has remained unchanged, and

WHEREAS, the legislation raises the cost of an RPP for the first vehicle registered per address to \$50 annually, the cost for a second vehicle to \$75 annually, the cost for a third vehicle to \$100 annually, and the cost for each vehicle beyond the third to \$150 annually.

THEREFORE, BE IT RESOLVED that ANC 2B supports and commends the DC Council for the June 2019 revisions to the annual fees for RPPs.

BE IT FURTHER RESOLVED that ANC 2B urges the DC Council to put in place a mechanism that triggers evaluating the cost and fee scale of the RPP program on a bi-yearly schedule.

Administrative Matters

Approval of the Regular May 2019 Meeting Minutes

Commissioner Cunningham moved to approve the ANC's regular May 2019 meeting minutes. Commissioner Silverstein seconded the motion, which was voted on and passed (VOTES: 9-0-0).

Approval of the Special May 2019 Meeting Minutes

Commissioner Landry moved to approve the ANC's special May 2019 meeting minutes. Commissioner Sampson seconded the motion, which was voted on and passed (VOTES: 8-1-0).

Approval of Expenditures for Accessibility Services During the ANC's Regular June Meeting

Chair Warwick moved to approve expenditures to \$1,000 for accessibility services during the ANC's regular June meeting. Commissioner Landry seconded the motion, which was voted on and passed (VOTES: 9-0-0).

General Agenda (Continued)

Consideration of a Resolution Regarding the Fence at the S Street NW Dog Park

Commissioner Silverstein moved to authorize the drafting and submission of a letter regarding the fence at the S Street NW dog park. Commissioner Barbieri seconded the motion, which was voted on and passed (VOTES: 9-0-0).

Adjournment

Chair Warwick adjourned the meeting at 10:08 pm.
