Re: K Street Environmental Assessment (EA)

Dear Mr. Hameed:

At its regular meeting on October 14, 2009, the Dupont Circle Advisory Neighborhood Commission (“ANC 2B”) or (“Commission”) considered the above referenced matter. With nine of the nine Commissioners present, a quorum at a duly-noticed public meeting, the Commission approved the following motion by a unanimous vote (9-0):

Whereas, K Street is an important east-west Thoroughfare through ANC 2B, and

Whereas, DDOT is considering establishing a transitway that would speed bus travel along K Street, and there are three alternatives being proposed, and

Whereas, Alternative 1 is a no-build option;

Whereas, Alternative 2 would create a 2-lane bus transitway;

Whereas, Alternative 3 would create a third passing lane in the bus transitway and add a bicycle lane, but eliminate most curb-loading possibilities;

Therefore be it resolved that ANC 2B strongly supports dedicated bus transitways as a means to expedite and encourage mass transit usage along K Street;

Be it further resolved that ANC 2B strongly supports Alternatives 2 and 3 over the no-build option;

Be it further resolved that ANC 2B is concerned that the elimination of most loading and delivery possibilities from K Street will be untenable in practice;

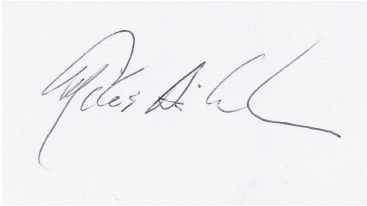

Be it further resolved that ANC 2B supports safe bike lanes, either disconnected from K Street by a gutter or curb, or on the neighboring sidestreets of I "Eye" Street and L Street rather than K Street;

Be it further resolved that ANC 2B is concerned that travel time for east-west vehicular traffic not be unduly increased for automobile commuters that do not have a transit option.

I am the Commission's representative in this matter. You can reach me at mike.silverstein@dupontcircleanc.net or by telephone at 202-833-4440 for further information.

ON BEHALF OF THE COMMISSION.

Sincerely,
