DC Commission on the Arts and Humanities  
Public Art Building Communities Program  
1371 Harvard Street, NW  
Washington, DC 20009

To Whom It May Concern:

ANC 2B enthusiastically supports the Golden Triangle Business Improvement District's grant application to the DC Commission on the Arts and Humanities' Public Art Building Communities program to fund the creation and installation of public art in the Farragut West Metro entrance at 17th and I Street, NW.

The Golden Triangle presented this project to ANC 2B at our September meeting and we approved a resolution of support. The Golden Triangle then presented the final design at our November 11th meeting. We unanimously approved a 2nd resolution stating that we have no objections to the design and we continue to fully support the grant application.

This is an opportunity to enhance the feel and appearance of one of the Metrorail system's busiest station by engaging a local artist. This project would be an excellent use of public and private funding to reflect the vibrancy of the community in the City's central business district.

The Golden Triangle's initiative for implementing this project is outstanding and supports the ANC's goal of promoting and ensuring a vibrant and viable neighborhood.

I am the Commission's representative in this matter. You can reach me at [mike.silverstein@dupontcircleanc.net](mailto:mike.silverstein@dupontcircleanc.net) or by telephone at 202-833-4440 for further information.

ON BEHALF OF THE COMMISSION.

Sincerely,

Mike Silverstein, Chairman
