Dear Mayor Fenty and Council Members:

At its March 10, 2010 public meeting, the Dupont Circle Advisory Neighborhood Commission (ANC 2B) unanimously passed the following resolution 9-0:

***Whereas**, Google is currently searching for localities in which to launch its new hi-speed internet cable infrastructure.*

***Therefore, be it resolved** that ANC 2B strongly supports DC as a pilot location, and encourages the DC Council and Mayor to do everything possible to encourage Google to select DC as a pilot location.*

Thank you for your efforts to secure better internet infrastructure for our neighborhood and the District.

ON BEHALF OF THE COMMISSION.

Sincerely,

Mike Silverstein
