Re: Temporary street closure for RIGHT2MARCH event

Dear Mr.Eidingen:

At its regular meeting on October 12, 2011, the Dupont Circle Advisory Neighborhood Commission (“ANC 2B” or “Commission”) considered the above-referenced matter. With seven of nine Commissioners present, a quorum at a duly-noticed public meeting, the Commission approved the following motion by a vote of (6-1).

Whereas, THERIGHT2KNOW MARCH, to take place on Sunday October 16, 2011, will culminate in a rally in Lafayette Square at 1:00pm, and

Whereas, the purpose of this event and demonstration is to support the passage of laws requiring labeling of genetically engineered food, in order that consumers may make better informed purchases of food and better informed decisions about their diet and health, and

Whereas, The “ March Vehicles” need to be stored during the time of demonstration on the 800 block of Vermont NW (Between H and Eye Street), in accordance with permission granted to march organizers by the Metropolitan Police,

Be it therefore resolved that, ANC2B approve the street closure mentioned above from 12 noon until 6pm on October 16, 2011.

Commissioners Will Stephens and Victor Wexler are the representatives in this matter. You can reach us at will.stephens@dupontcircleanc.net and victor.wexler@dupontcircleANC.net respectively.

ON BEHALF OF THE COMMISSION.

Sincerely,

Will Stephens, Chair
